High-Performance Metal Detector

# the LEGEND 2

## LIGHTER, SMARTER & MORE POWERFUL

The next chapter of metal detecting is here. Built on the DNA of a proven machine, The Legend 2 is shaped by the voices of detectorists worldwide. Search anywhere from the beach, parks, goldfields, and everywhere in between! Preset modes mean you simply select the environment you're in, with tailored settings so you can turn on and go, no need to tweak settings constantly. The Legend 2 comes with an ideal combination of 2 coils, The LD28 Coil, your all rounder coil - PLUS a smaller LD21 Coil - excellent for target rich areas & gold prospecting.
